Ty Coch Inn LL53 6DB 01758 720498

Former 19th-c vicarage in idyllic location right on the beach with wonderful views can only be reached on foot. From the cottage it is possible to walk – takes about 30 minutes. It can get very busy at holiday times.

To get there -

Walk down the road, past the pub, over the bridge and up the hill. As you come to the bend in the road, take the public footpath through a gate on the left. Walk straight through a field (sometimes livestock), over the farm path into the next field and straight through to the golf club. Here take a left down the path through the golf course. The pub can be found near the end of the path and is signposted. You might like to walk along the beach on your return, going from Morfa Nefyn and back to Ederm along the roadside. Note that at high tide, the route back can get a little muddy in places.

It is possible to take the car for part of the way – the golf club offer an additional car park in high season (fee) near the golf club. LL53 6DA

Alternatively you could park in the Porthdinllaen National Trust car park LL53 6DA and walk down to Morfa Nefyn beach, then follow the bay to the left, all the way round to the pub at the far end.

Opening times vary and depend on the weather/tide/season. See their FB page for details. Remember to check opening times before setting off.
